**WELFARE OF THE HORSE**

**The following is to be published in verbatim in all schedules:**

The following Code of Conduct was elaborated by the FEI for all people involved in the welfare of competing horses. The purpose is to ensure the health and welfare of horses participating under FEI Rules and Regulations and protecting the good image of the equestrian sport. To achieve the widest possible publicity it must be included in the **Schedules** and it is recommended that it also be included in the **Programmes** of all major international events.

**CODE OF CONDUCT****FOR THE WELFARE OF THE HORSE**

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. *At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.*
2. *Horses and competitors must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.*
3. *Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.*
4. *Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.*
5. *The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.*

**Rules References - This section includes supporting articles and the FOLLOWING TEXT MUST BE INCLUDED AND SOME PARTS VERBATIM IN ALL SCHEDULES**

They are therefore strongly advised to take out a third-party insurance providing full coverage for participation in equestrian events at home and abroad and to keep the policy up to date".

### **6.5 EVENT'S ORGANISATION (Art. 114 & 115)**

The OC reserves the right to modify the schedule in order to clarify any matters or matters arising from an omission or due to unforeseen circumstances. All modifications made to the schedule must have the approval of the FEI Secretary General.

OC to include details concerning right of entry to show-grounds of owners, grooms, riders, other persons.

### **6.7 STABLE**

Security and stewarding at International events, see Annex II of this Check List.

### **6.8 RESULTS**

In order to proceed with the results publication for qualification purposes, the FEI requires results to be sent in immediately after the conclusion of the event. Please refer to compulsory format for CCIs and CICs. Results to be sent by e-mail to [f.diserens@horsesport.org](mailto:f.diserens@horsesport.org), preferably on Excel file immediately after the event. All results must include FEI Passport Registration number of horses. **All riders who have not completed the event must appear on the results sheets.** Exact distance of the Cross-country course must be included on result sheet.

**STABLE SECURITY/STEWARDING AT INTERNATIONAL EVENTS****Minimum requirements to ensure implementation of Veterinary Regulations,  
Art.1005.2****1. ACCESS TO STABLE AREA**

For an optimal stable security, the stables must be completely enclosed within a suitably restrictive perimeter (stable area) which will act both as a deterrent to the admission of unauthorised persons and to the exit of horses. The area must be sufficiently large to allow horses to be evacuated from the stables in an emergency but still remain within the confines of the perimeter. However, several disciplines allow in specific situations a lower level of stable security (see discipline rules).

Whenever possible the stable area must include only stables; lorries, caravans, etc., should not be permitted within the area unless specifically needed as accommodation for horses and/or grooms.

Access to stables must be limited to those persons indicated in VRs Art. 1005.2.5.2. It is essential that the official issuing authorised access be a responsible person of seniority within the OC.

**2. CONTROL OF ACCESS**

A control system must operate at all entrance gates so that there is an efficient and reliable method of identifying those who enter and leave the stable area at any time.

Extra vigilance must be used in establishing the identity of persons and reasons for entering the stables during the night.

**3. STEWARDING OF STABLE AREA**

At least one stable steward, directly responsible to the Chief Steward, must be present or readily available in the vicinity of the stable area 24 hours a day during the entire duration of the event. He may be assisted by deputies as required. The steward/deputies must regularly patrol the stable area, without establishing any predetermined pattern, to discourage any form of illegal practices or abuses to horses. Any misdemeanours must be reported immediately to the stable steward who must, in turn, report to the Chief Steward.

The duty of the stewards is therefore to safeguard the welfare of the horses and to prevent any form of illegal practices.

**4. GROOMS**

It is appreciated that grooms wish to remain with their horses during the night. Only grooms duly registered with the OC are permitted to do so.

The Person Responsible must ensure that his/her grooms, or any other authorised persons with access to his/her horses, are familiar with the security and stewarding procedures operating at the event attended.

**5. MOVEMENT THROUGHOUT EVENT GROUNDS**

Movement of horses between the stables, practice, grazing and main arena must be strictly controlled. The optimum layout for Jumping and Dressage disciplines is attached. It is appreciated that flexibility will be required depending on the requirements of other disciplines.

**6. STEWARDING OF PRACTICE ARENA**

The Chief Steward must ensure that all practice arenas are adequately stewarded all the time that they are officially open. He must also ensure that these arenas are subject to random control when they are officially closed.

## 7. GRAZING AREA

It is recommended that a grazing area be provided at all outdoor events, and that this be subject to random control. If available, horses must only be grazed or walked in hand within this area.

The Foreign Judge/TD at events will be specifically asked to check that the relevant requirements are met as reasonably as can be expected, depending on the discipline, and to indicate clearly any shortfalls, following which consideration may be given to altering the category of the event in future.

## **FEI Rule change in FEI requirements for Equine Influenza vaccination (published 6 July 2006)**

### **Introduction**

*Equine Influenza (EI) is a viral respiratory disease which is highly contagious to susceptible horses. Outbreaks of the disease are occurring with increased frequency worldwide despite the widespread use of vaccines. The highly contagious nature of equine influenza means that it has the potential to seriously compromise international movement of horses. For a number of years the FEI rules have required an annual booster vaccination, but recent research indicates that, for many vaccines, protection declines after a few months. This means that towards the end of the vaccination year horses may become increasingly susceptible to infection again, but may not show clinical signs of disease. These cases are particularly dangerous as they can spread virus and could initiate outbreaks of disease.*

*The requirements for EI vaccination will be reviewed annually by the FEI Veterinary Committee and can be altered if the vaccination or disease situation changes.*

### **Rule**

From 1 January 2005 onwards, influenza vaccination for all horses competing in FEI competitions requires a vaccination within six months + 21 days of the competition. Horses competing regularly consequently require twice yearly boosters. The specific details to accomplish this are provided below:

1. All horses that intend to compete in FEI competition must have received at least an initial primary course of two vaccinations, the second dose of which must have been given between 21 and 92 days after the date of administration of the first dose. Thereafter, a third dose (referred to as the first booster) must be given within 6 months +21 days after the date of administration of the second primary dose, with at least annual boosters given subsequently (i.e. within 365 days of the last dose).
2. If the horse is scheduled to take part in an FEI competition, the last booster must have been given within 6 calendar months + 21 days of the day of competition or of entry to the FEI stables, whichever is the sooner. (The 21-day window has been provided to enable vaccination requirements to fit in with the competition schedule). Horses competing regularly consequently require twice yearly boosters.
3. It is also important that no vaccination should have been given within 7 days of the day of competition or of entry to the FEI stables, whichever is the sooner.
4. All horses that were certified as correctly vaccinated under the previous FEI equine influenza vaccination rule prior to 1<sup>st</sup> January 2005, should not need to start a primary course again provided that they have complied with the previous rule of primary course and annual re-vaccinations and the new rule of a booster vaccination within 6 calendar months + 21 days of the day of competition or entry to the FEI stables, whichever is the sooner.

### Vaccines, Administration and Certification

- All proprietary equine influenza vaccines are acceptable to the FEI irrespective of the route of administration.
- All vaccines must be administered by a Veterinarian.
- The vaccination should be administered according to the manufacturer's instructions (i.e. intramuscular injection or intranasal). The FEI will accept intranasal vaccines for both primary and booster doses. However, it is not possible to change the route of administration between the first and second vaccination of the primary course.
- The details of the vaccine, serial/batch number, the date and route of administration must be recorded in the FEI passport.
- Where vaccination details are to be entered into new FEI passports/recognition cards or duplicates, if the vaccination history of the horse is very long, the Veterinarian who completes the descriptive page of the passport/recognition card may use a specific statement to certify that the vaccinations have been administered in accordance with FEI regulations (for the extract of the wording see Veterinary Regulations, Annex XIV.I.11).

### Sanctions

As from 1 January 2006 a system of fines is being imposed by the Appeal Committee/Ground Jury for failure to comply with 6-month booster vaccinations.

- Less than one week after the 3-week vaccination window: **CHF 200.-**
- Less than two weeks after the 3-week vaccination window: **CHF 300.-**
- Less than four weeks after the 3-week vaccination window: **CHF 400.-**
- More than four weeks after the 3-week vaccination window: **CHF 500.-** **and**  
**cancellation of the horse's participation in the event.**

Fines for other infringements relating to influenza vaccination will be as follows:

a) If no evidence of any current vaccination in passport: a maximum penalty of CHF 500.-. The horse should not be allowed to compete. It must be put in isolation and sent away from the event as soon as possible.

b) Any infringements of vaccination dates should be noted in the passport so that it is not reported again at a future event. Please write in CAPITAL letters; remember that others will be dependent on the information that you have written in the passport.

c) No information available on the primary vaccination course need not lead to a penalty, and a repeat primary course is not required, provided the current passport contains a statement that the vaccination history of the horse has been checked and found to be correct (for exact wording see VR, Annex XIV.I.11).

*This section includes documents that need to be returned to the OC/FEI for all International Eventing competitions.*
